

## Spreader Bar for Forklifts

Forklift Spreader Bars - Proudly operating ever since the year 1974, ELME Spreader AB is the largest independent spreader maker all over the world. They have been a dedicated manufacturer of spreaders utilized for different applications like the swap bodies, trailers and handling of containers.

Engineering is done in-house by utilizing the latest CAD systems and FEM tools. The ELME business currently employs more than 125 employees. Their spreaders are supplied to reach lift trucks, gantry, quayside, ship-to-shore cranes, stackers and straddle carriers across the world.

The ELME product range offers spreaders utilized for a variety of trailer and container handling operations. A few of their inventory include: Harbour Cranes, Lift Trucks, Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers as well as a wide variety of attachments.

ELME manufacturing and production is performed in a highly automated purpose built factory. In the year 2008, they made over 1150 spreaders by way of using high quality components to be able to ensure reliability and top standards while offering reasonable prices. Major features of ELME consist of design simplicity, market response and inventive modular spreader concept.
